

AD HOC ADVISORY COMMITTEES

The Gloucester City Board of Education may at any time choose to select a committee of citizens of the school district to serve as a study group to investigate certain issues. The board president and superintendent of schools or their designees shall serve as ex-officio members of all advisory committees. In creating a new ad hoc advisory committee, the board shall:

- A. Specify the method of selecting members to ad hoc advisory committees and the term of service for each member;
- B. Approve or disapprove the appointment of citizens from those nominated by the superintendent or any board member; appoint such other members as may be deemed appropriate;
- C. Define the committee assignment in writing in terms of specific topics for study or well-defined areas of activity;
- D. Set a date for a preliminary and final report.

Each ad hoc committee shall select its own chairperson. Upon completing its assignment, each ad hoc committee shall be promptly dissolved.

The board shall have sole power to dissolve any of its ad hoc advisory committees and shall reserve the right to exercise this power at any time during the life of the committee.

Recommendations of all advisory committees shall not reduce the responsibility of the board, which shall be free to accept or reject the recommendations as it sees fit.

The superintendent shall instruct committee members of the length of time the board desires each member to serve, the service the board wishes it to render, the resources the board intends to provide, and the approximate date on which the board wishes to dissolve the committee.

Furthermore, the committee shall be instructed as to the relationship it has to the board, to the individual board members, to the secretary of the board, to the superintendent, and to the rest of the staff.
